BENJAMIN, B.: *see* ANDERSON, A. W., etc., 1
—: *see* BRETT, G. Z., etc., 7
Blood group and fertility, 79
Blood groups, ABO, and bronchopneumonia in children, 214
— and susceptibility to disease, 107
BRETT, G. Z., and BENJAMIN, B.: Housing and tuberculosis in a mass radiography survey, 7
Bronchitis, smoking and, 162
Bronchopneumonia in children, ABO blood groups and, 214
BROTHERSTON, J. H. F.: *see* MARTIN, F. M., etc., 196
BROWN, R. G., MCKEOWN, T., and WHITFIELD, A. G. W.: A note on the association between smoking and disease in men in the seventh decade, 162

Cancer of the stomach, blood groups and susceptibility to, 107
CARPENTER, R. G.: *see* BANKS, A. L., etc., 22
CARTER, C., and HESLOP, B.: ABO blood groups and bronchopneumonia in children, 214
CHAVE, S. P. W.: *see* MARTIN, F. M., etc., 196
CHEESEMAN, E. A.: *see* JOHNSTON, W., etc., 152

Children, ABO blood groups and bronchopneumonia in, 214
—, growth of, at open air school, 217
Cigarette smoking and respiratory disease, 10
CLEMENTS, E. M. B., and PICKETT, K. G.: Stature and weight of men from England and Wales in 1941, 51
COFFEY, V. P., and JESSOP, W. J. E.: A study of 137 cases of anencephaly, 174
CROMBIE, D. L., and CROSS, K. W.: The contribution of the nurse in general practice, 41
CROSS, K. W.: *see* Crombie, D. L., etc., 41

Deaths, vagaries of local mortality rates under 1953–54 rules ,45
Determinants of Rhesus isoimmunization, 126
Diabetes mellitus, blood groups and susceptibility to, 107
Disease, blood groups and susceptibility to, 107
Duodenal ulcer, blood groups and susceptibility to, 107

EDWARDS, J. H.: Contribution of cigarette smoking to respiratory disease, 10
—: A note on the practical interpretation of 2×2 tables, 73
—: A critical examination of the reputed primary influence of ABO phenotype on fertility and sex ratio, 79
Environment and heredity in control of tuberculosis, 1

Fertility and sex ratio, influence of ABO phenotype on, 79
— of women following pregnancy according to height and weight, 102

GARRATT, F. N., LOWE, C. R., and MCKEOWN, T.: An investigation of the medical and social needs of patients in mental hospitals. I. Classification of patients according to the type of institution required for their care, 165
Gastric ulcer, blood groups and susceptibility to, 107
General practice, contribution of nurse in, 41
GILLET, J. A.: *see* HAMMOND, W. H., etc., 217
Glasgow, housing conditions and tuberculosis in, 142
GOODMAN, N.: Relation between maternal age at parturition and incidence of mental disorder in the offspring, 203
GRENVILLE-MATHERS, R.: *see* ANDERSON, A. W., etc., 1
Growth of children at an open air school, 217
—, some aspects of, with norms from birth to 18 years, 131
HAMMOND, W. H.: Some aspects of growth with norms from birth to 18 years, 131
— and GILLET, J. A.: An investigation of the growth of children at an open air school, 217
Handicapped persons, survey of, 22
Hearing, defective, and smoking, 162
Height and weight, and fertility of women following pregnancy, 102
— growth, aspects of, 131
Heredity and environment in control of tuberculosis, 1
HESLOP, B.: *see* CARTER, C., etc., 214
HEWITT, D.: Vagaries of local mortality rates under the 1953–54 rules for transfer of deaths, 45
HISLOP, J. A.: *see* BANKS, A. L., etc., 22
Hospitals, mental, medical and social needs of patients in, 165
Housing and tuberculosis in a mass radiography survey, 7
— conditions and pulmonary tuberculosis in Glasgow, 142
— estate, new, incidence of neurosis in, 196
Hypertension, smoking and, 162

Mass radiography survey, housing and tuberculosis in a, 7
Maternal age at parturition and in mental disorder in offspring, 203
Medical and social needs of patients in mental hospitals, 165
— examinations of university entrants in Northern Ireland, 152
Men from England and Wales in 1941, stature and weight of, 51
Mental disorder in offspring, relation between maternal age at parturition and incidence of, 203
— hospitals, medical and social needs of patients in, 165
— illness, "social class" gradient in, 181
MERRETT, J. D.: *see* JOHNSTON, W., etc., 152
Mortality from violence, recent trends of, 90
— rates, local vagaries of under 1953–54 rules for transfer of deaths, 45

Neurosis in a new housing estate, incidence of, 196
NISBET, G.: *see* BANKS, A. L., etc., 22
Northern Ireland, retinoblastoma in, 1938–1956, 29
— —, routine medical examinations of university entrants in, 152
Note on the practical interpretation of 2×2 tables, 73
Nurse in general practice, contribution of, 41

Open air school, growth of children at, 217

Parturition, maternal age at, and mental disorder in offspring, 203
Patients in mental hospitals, medical and social needs of, 165
Peptic ulcer, smoking and, 162
PICKETT, K. G.: *see* CLEMENTS, E. M. B., etc., 51
Pregnancy, fertility of women following, according to height and weight, 102
Psychological disorders in population of a new housing estate, 196
Pulmonary tuberculosis and housing conditions in Glasgow, 142

Radiography survey, housing and tuberculosis in, 7
Random selection in the therapeutic trial, 61
RECORD, R. G.: *see* MCKEOWN, T., etc., 102
Rehousing and psychological disorders, 196
Respiratory disease, cigarette smoking and, 10
— infections, upper, in R.A.F. in Southern Rhodesia, 36
Retinoblastoma in Northern Ireland, 1938–1956, 29
Rhesus isoimmunization, nature of the determinants of, 126
Rhodesia, Southern, upper respiratory infections in R.A.F. in, 36
ROBERTS, J. A. FRASER: Blood groups and susceptibility to disease: a review, 107
Royal Air Force, upper respiratory infections in, 36

Schizophrenia, "social class" gradient in, 181
School, open air, growth of children at, 217
Selection, random, in the therapeutic trial, 61
Sex ratio, reputed primary influence of ABO phenotype on, 79
Smoking and disease in the seventh decade, association between, 162
— and respiratory disease, 10
"Social class" gradient in schizophrenia, 181
Southern Rhodesia, incidence of upper respiratory infections in R.A.F. formation in, 36
Stature and weight of men from England and Wales in 1941, 51
